## ASSEMBLIES

### > WE DESIGN, CUT AND ASSEMBLE

We can design your project, assemble it and install it at your facility, if necessary.

## AUTOMATION INTEGRATION

### > WE DESIGN & BRING IT TO LIFE

Does your project require controls technology? We can integrate pneumatics, sensors, safety components and more. We also have application engineers on staff to help with the specs.

## KITS

### > WE DESIGN, CUT, & KIT: YOU ASSEMBLE

We cut the extruded aluminum to size and package it with accessories you need to assemble your project.

## THE SKY'S THE LIMIT

This strong, light-weight, versatile material can be used to build almost anything!
