SAFE T-SLOT GUARD

MODULAR FENCING & MACHINE GUARDING

WHY MODULAR GUARDING?

If you want to eliminate design time and save money, build your fences and machine guards with Safe T-Slot Guard modular products.

IMMEDIATE SOLUTIONS

No projects to design or quote. Just order the pre-fabricated panels you need for your applications.

MODIFICATIONS ARE EASY

Interchangeable posts and panels mean you can add and swap pieces as projects might dictate. Sliding together optional panels and accessories creates a complete machine enclosure with access to doors and interlocks.

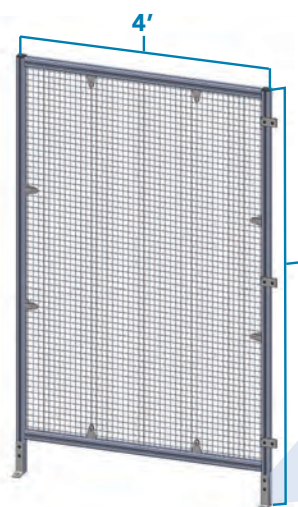

EASY ASSEMBLY

Your machine guard panels arrive assembled and they are easy to handle. Use connectors and simple tools to link them together and fasten to the floor.

CONVENIENCE

Modular guarding panels require no change to heating or lighting systems. They permit unobstructed views of inventory with air and light circulation, plus security. Assembly and installation is easy. And if your floor plans change, they have the versatility to be expanded or taken down and reinstalled.

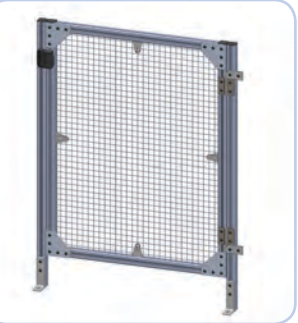

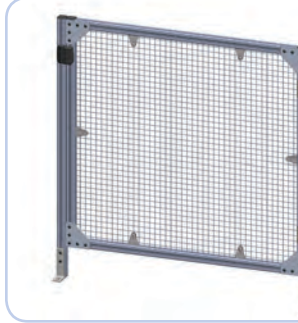

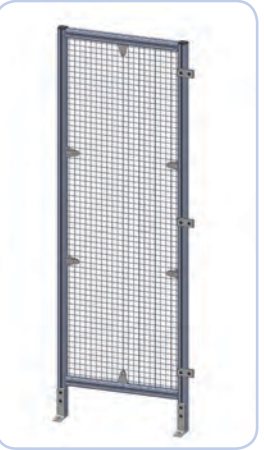

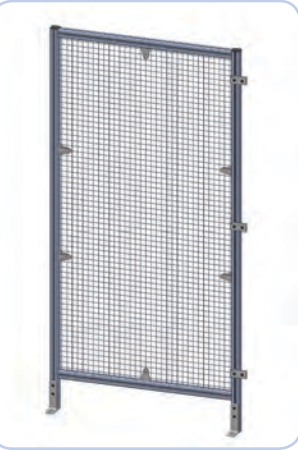

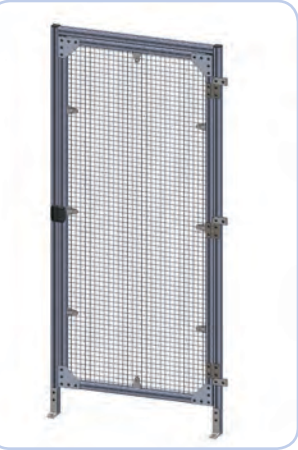

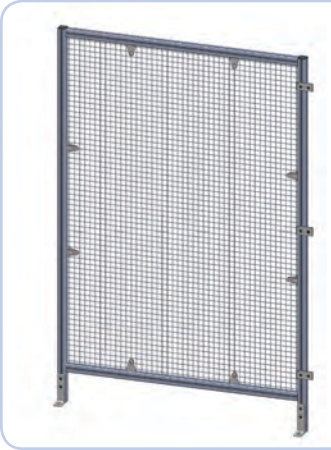

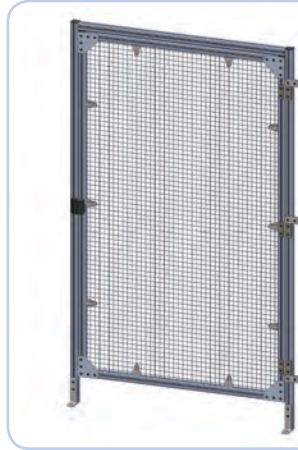

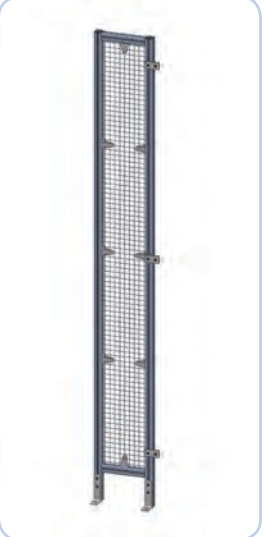

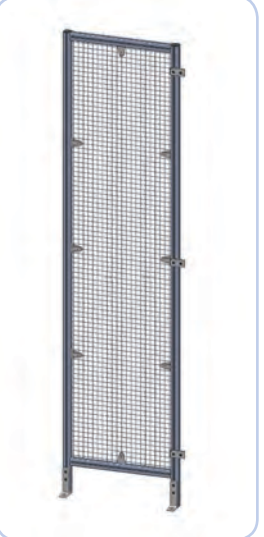

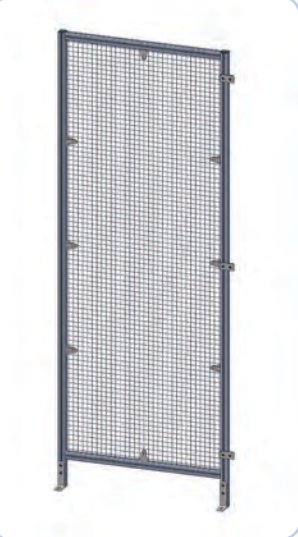

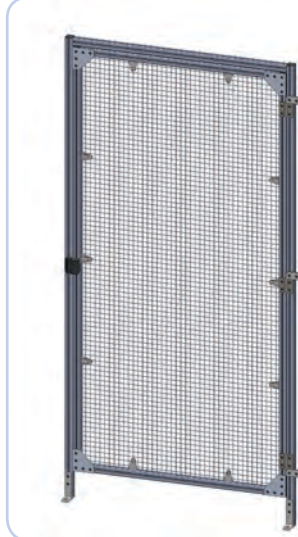

STANDARD 6' X 4'

There is a 6-inch clearance between floor and panel on all models.

STANDARD WIDTHS

	1 FEET	2 FEET	3 FEET		4 FEET	
4 FEET	 4' x 1' STANDARD	 4' x 2' STANDARD	 4' x 3' STANDARD	 4' x 3' GATE	 4' x 4' STANDARD	 4' x 4' GATE
6 FEET	 6' x 1' STANDARD	 6' x 2' STANDARD	 6' x 3' STANDARD	 6' x 3' DOOR	 6' x 4' STANDARD	 6' x 4' DOOR
8 FEET	 8' x 1' STANDARD	 8' x 2' STANDARD	 8' x 3' STANDARD	 8' x 3' DOOR	 8' x 4' STANDARD	 8' x 4' DOOR
